Summary

Computer Science student with strong foundation in Data Structures & Algorithms and experience in building Python and Flutter-based applications.

EDUCATION

HITEC University

B.S in Computer Science

Taxila, Pakistan

Expected Graduation, August 2027

- **GPA:** 3.55/4.00
- **Related Coursework:** Data Structures & Algorithms, Object-Oriented Programming, Mobile Applications and Development, Artificial Intelligence, Web Development, Linear Algebra, Operating Systems, Computer Organization and Architecture, Assembly Language

COMPETITIONS

Meta Hacker Cup (Participant)

CALICO Fall '25 - UC Berkeley

CodeWars - HITEC University

PROJECTS

Adaptive Quiz Generator

- Developed an AI-based quiz system that dynamically adjusts question difficulty based on user performance
- Implemented core logic using Python with data handling through Pandas
- Designed an interactive user interface using Tkinter for seamless user experience
- Managed user profiles and question banks using CSV-based storage system

Tic Tac Toe Game (Minimax Algorithm)

- Designed and developed a GUI-based Tic Tac Toe game using Python and Tkinter
- Implemented the Minimax algorithm to create an unbeatable AI opponent
- Applied game theory concepts to optimize decision-making and gameplay logic
- Ensured smooth user interaction through an intuitive graphical interface

CLI-Based Instagram App

- Built a command-line based social media application using C++
- Implemented core features such as user profiles, posts, and interactions using data structures
- Applied concepts of Data Structures and Algorithms for efficient data management
- Designed a modular and scalable code structure for maintainability

Learn Nest – A Structured Learning System

- Developed a structured learning application using Dart and Flutter
- Designed user-friendly interfaces to enhance learning experience and navigation
- Focused on organizing educational content for better accessibility and usability
- Applied modern mobile app development practices using Flutter framework

ACTIVITIES

HIBIS, HITEC University

Content Creation (2025–2026)

Solved 40+ Data Structures and Algorithms problems on LeetCode

SKILLS

Programming: C++, Java, Python, SQL, HTML/CSS, Dart

Tools: Android Studio, IntelliJ, Visual Studio Code, Flutter
